Prior to the public hearing, Ray Clarke, County Engineer, stated that the County owns five (5) parcels along the force main route between the Unionville Pump Station (MD Route 33) and the Royal Oak Pump Station (MD Route 329), three (3) of which are currently in the sewer service area – the Unionville Pump Station, the Royal Oak Pump Station and the Oak Creek Landing. He stated that the County also owns the parcel where the Repurposing Center is located which is not along a force main; this proposed change would allow the County to extend sewer to the County owned properties. Mr. Clarke stated that soil testing is currently in process at the site of the Repurposing Center for an on-site sewage disposal system; extension of sewer to the Repurposing Center is not planned at this time.
