Minutes from the April 21, 2022 meeting were read by all and approved unanimously as corrected.

OLD BUSINESS

Change of Contractor procedures.

List of Talbot County licensed Electricians.

NEW BUSINESS

Review corrected licenses and new applications.

General Licenses will be converted to Master Electricians Licenses then said electricians will apply for State of Maryland Master's Licenses. The Board will review and sign applications to be forwarded from the Board to the State of Maryland. Grace will contact General License holders immediately so that they may submit their applications as soon as possible. She will also be responsible for emailing the Electrical League newsletter, code update, and a letter explaining changes in the Board procedures and how we will move forward with registrations versus licenses. It was decided that the Board will not require COI's and the List of Employees would only apply to those working in Talbot County. Masters registered in Talbot County moving forward will renew on the same date as their State of MD licenses expire. Limited License holders will follow the current A-J, K-Z renewal schedule and will expire on July 31 of their respective 2 year cycles.

The County has also moved to an online registration/licensing platform.

Don English made a motion to adjourn seconded by Tim Fluharty. The meeting was adjourned at 2:02pm.
